

ASIF AHMED SAHIL

Full-Stack Engineer

asifahmedsahil.007@gmail.com | Chittagong | +8801577179858 | [Portfolio](#) | [Linkedin](#) | [Github](#)

Skill Highlights

Languages: JavaScript, TypeScript, Python, C++

Frontend: HTML, CSS, React JS, Next.js, Tailwind CSS, Redux, Redux Toolkit, DaisyUI, NextUI, ShadcnUI

Backend: NestJS, Node.js, Express.js, Mongoose, Axios, Zod, JWT, Cloudinary, Microservice Architecture (MVP pattern), System design

Database: MongoDB, NeonDB, PostgreSQL, MySQL

Tools Technologies: Git, GitHub, Postman, Chrome Devtools, Vercel, Stripe, prisma, Docker, CI/CD

Soft Skills: Communication, Adaptability, Time management, Patience.

Experience

Junior Software Engineer, mPair Technologies Ltd, Chittagong Feb 2025 – Present

- Successfully delivered a government project for the Ministry of Family Planning (Chittagong) — developed responsive frontend interfaces and integrated REST APIs for seamless functionality.
- Working on the company's flagship product, **Shikkayan** — a school and college-based ERP solution; contributed to both frontend and backend features using microservice architecture.
- Designed scalable components and ensured smooth API integrations for modules like student records, payments, and attendance.
- Mentored two junior developers (interns), guiding them through daily tasks, code reviews, and development

Projects

Fortune Sports - MERN-Stack Project

[Link](#) | [Client](#) | [server](#)

- Developed a **Sports Facility Booking Platform** using **React, Tailwind, ExpressJs, NodeJs** with modern, intuitive interface allowing users to browse facilities, check availability, and make bookings seamlessly.
- Integrated **secure authentication** and implemented **payment processing** using AamarPay
- Designed dedicated dashboards for both users and administrators to manage bookings and facility details.

ProjecTrak – Full-Stack Agile Project Management Application

[Link](#) | [client](#) | [server](#)

- Developed ProjecTrak, a full-stack Agile project management platform using Next.js, React, Tailwind CSS, Clerk, ShadCN, and NeonDB to help teams effectively manage tasks, plan sprints, and track project progress.
- Implemented key Agile features including task management, sprint planning, and real-time updates for seamless team collaboration and Integrated secure user authentication with Clerk

Education

B.Sc. in Computer Science,
East Delta University

Sept 2019 – Jan 2024
CGPA: 3.55/4.0

Professional Training

Complete Web Development Course: Programming Hero (Level - 1), 2022

[Certificate](#)

Next Level Web Development Course: Programming Hero (Level - 2), 2024

[Certificate](#)

Additional Experience And Awards

Champion, Engineering Day Hackathon : Awarded 1st Prize for a **Web based secure money transfer application using Blockchain** out of 30 entries
